This statement is being made by the available person having first-hand knowledge of the facts recited herein.

Dear M. Girardet, *Brian*

Thank you for your immediate attention to these matters. Enclosed please find a Declaration and Power of Attorney as well as an Assignment, and a copy of the subject patent application, claims and drawings we have recently filed.

I take this opportunity to remind you of your contractual, legal obligations to Mr. Madanat, and state for the record that since you have been named as an inventor in the subject patent application, you are required to sign the enclosed documents. Additionally, as of several months ago, Mr. Madanat has formally and in writing severed all relations with you and your firm and has asked that you stop making, using or selling any and all of his trade secret, confidential and patented and patent pending inventions, technology/information and documents. (Enclosed you will find another copy of the Non-Disclosure Agreement you signed with Mr. Madanat in February of this year.)

Please review the application and sign the enclosed documents. (PLEASE NOTE: You must SIGN the Assignment document IN THE PRESENCE OF A Notary Public. Of course if there are any fees you incur, please send me a note or a copy of the invoice and I'll be glad to send you a check for reimbursement of the costs.) Then, just send them back to me in the enclosed prepaid, FedEx mailer set up for return to my office.

If you have any questions, please let me know. I can always be reached at (650) 348-1444.
